

Vision Sunday

HEALTHY - GENEROUS - MULTIPLY

MESSAGE BIG IDEA

For God to do something big THRU YOU, first He wants to do something big IN YOU!

HEALTHY CHURCH

If we are going to multiply we need to be a healthy church. And that starts with more and maturing 3C Christ followers. The 3C's (celebrate, connect & contribute) are how we describe a healthy growing Christ follower!

GENEROUS CHURCH

Secondly, we not only need to be healthy, we also need to be generous! In order to be a generous church, we need to be generous people who give to generously to the mission!

MULTIPLYING CHURCH

Lastly, for us to be a level five multiplying church, we need to multiply ourselves! I have worked with 100's and probably 1000's of churches. And my observation is this -- the churches that multiply new churches also multiply new Christ followers, new leaders and new artists! Before they multiply big, they multiply small.
